RK University organized Placement Week 2019

650+ vacancies • 25+ companies • 1000+ students • 30+ colleges

More than 1000 students from 34 different colleges have participated in this event. Overall 30 companies from different sectors have participated in this placement drive to fill 450+ vacancies in various domains. Few of the big brands like MRF Tyres, Reliance Jio, HFFC, Bajaj Capital, Pantaloons, HDFC Bank, ICICI Bank, Jenburkt Pharmaceuticals, Falcon Pumps, EPP

composites, Captain Tractors, and others have participated to provide employment opportunities to fresh graduating talents. The highest package of Rs. 6 lakh per annum was offered by Home First Finance Company.

Over 230 students were shortlisted for next rounds of interviews at company premises. We are expecting more than 100 final offers

to be made to the candidates out of total short listings.

Workshop involved brainstorming and group discussion sessions on various issues related to broad theme of employability, innovation and entrepreneurship. Best practices at some of the Universities and Institutes of Europe were also discussed. The meeting

unfolded detailed agenda for the project and also strategies of how the project objectives will be achieved. RK University exchanged MoU Documents with Pokhara University during this workshop for the several joint initiatives and academic events between the two Universities.

MSc Microbiology students of SOS, RKU designed Turbovap Evaporator Apparatus

Turbovap evaporator apparatus has been designed with the help of mechanical Engg. Dept for Cancer research (Metabolomic profiling of the oral cancer patients) for

dissertation work of M.Sc. Microbiology student Ms. Tanzil Juneja., the cancer samples need to be prepared in a special condition therefore with the help of Mechanical

Engineering Department, the team has designed Turbovap Evaporator which provides an inert condition in the system to avoid oxidation of the molecules. The actual cost

of the instrument is 2 to 3 lacs but the team has designed it at very low cost.

Quick Updates

Department of Civil Engineering, School of Engineering, RK University organised industrial visit of **Common Effluent Treatment Plant, Bhatgam, Jetpur** for B. Tech CE/IT and BCA second semester students.
