Summary Report on

Hands-on Workshop

Smart Classroom Management

7th May 2022

SDC@ RK University had successfully organized hands-on workshop "Smart Classroom Management" on 7th May 2022 at SDC, RK University premises, to aware about Support and Development Centre, all equipment and their functionalities with hands-on for utilizing and preparing subject content which can published later on the TEAL2.0 platform.

Objectives:
- To aware about TEAL2.0 & SDC activities.
- To demonstrate the functionalities of all equipment setup in SDC.
- To explain process of utilizing the resources setup in SDC, TEAL2.0.

44 educators have been registered & actively participated for the workshop in round-1 from different constituent institutes across RK University.

SCHEDULE

Time – IST	Description
09.00 to 09.15 am	Welcome by Dr. Kamlesh Patel : Ice-breaking Activity by Dr. Aarti Joshi, Director, School of Management & Project Manager CABCIN
9.15am to 9:45am	Introduction TEAL2.0 & SDC by Dr. Vishal Doshi, Head of T & P.
9:45am to 11.30am	Introduction to SMART CLASSROOM's Devices and their functioning
11.30am to 12.30pm	Lunch Break
12.30pm to 01.45 pm	Hands on Activities using SMART CLASSROOM Devices.
1.45pm to 2.00pm	Participants' Feedback

Erasmus+ Capacity Building in the Field of Higher Education

Project title	**Improving Access to Science and Technology Higher Education in Resource-Poor Institutions through an Open Platform for Technology Enabled Active Learning Environment**
Project no.	**610186-EPP-1-2019-LK-EPPKA2-CBHE-JP**
Hosting organization	**RK University, India**
Date	**7th May 2022**

List of Participants
SMART CLASSROOM MANAGEMENT
Venue: SUPPORT AND DEVELOPMENT CENTER (SDC)
RK University, Rajkot, Gujarat, India

No	Name	Gender: Male/Female	Organization and Address	Contact details (email or phone number)	Signature
1	ALPANA KUMARI	Female	Training and Placement School of Engineering	9313377979 alpana.kumari@rku.ac.in

What was most useful in the workshop?

- How to use IP with laptop mobile & how to record
- White board, Screen Sharing, screen with computer, camera.
- Different tools used for teaching and learning.
- White board, live streaming
- The hands-on sessions on interactive panel.
- How to use white board and connect pc
- Use of whiteboard, recording the session were very useful
- Discussion on the challenges that encountered while performing, i.e., the hands-on part
- The features of the interactive board are very interesting and can be applied in a very big way in the medical field
- Hands on the device
- Using camera while teaching online
- Hands on Smart board and mindful activities
- Hands on Session
- Smart board use and applicability
- Online conferencing and Recording
- How to operate smart board with smart class room?
- Recording and screening
- Two OS i.e., Android OS and Window OS are available in interactive panel which makes user enable to use almost everything.
- Interactive screen functionality
- Interactive Whiteboard, Screen Sharing
- How to interact interactivity through smart classroom and how to work with each connected device
- White board and windows PC

- By this workshop we learnt many things which are very useful for online teaching like How can organize online meeting with conference view. how we can set camera, YouTube, live streaming, internet explorer.... etc.
- White board, screen share
- White board with lots of features
- White board and live streaming
- Whiteboard, annotations, image , pc connection
- Most significant factor was to get familiar with new technology that lets us do our teaching easily and appropriately.
- Features of smart whiteboard
- Use of white board with computer/laptop
- Various Uses of ITC tool
- Use of smart class
- Recording and Whiteboard features.

Comments | Suggestions

- The session was so good to know about such a technique to teach to students in such a different manner.
- Nice workshop
- The contents met to the expectations.
- Workshop was very useful
- Need more workshop like so that we can enhance the skills more with the smart class.
- It has created a curiosity in me to use it more and explore various features.
- Configuring various tools were bit confusing, when we went to conference mode. Apart from that, it was all perfect
- It was a very interesting and informative session. Looking forward to use this in my course content
- It was good to know about different devices n how to use them
- It was really informative. Came to know various features of interactive panel.
- Good learning experience
- It can be more efficient if faculty can come at any time and used the smart bord personally. For more practice purpose.
- NA
- It is too useful for who wants to deliver content using smart class and its advanced features who helps to deliver content so greatly.
- Workshop was very interesting and looking forward to more sessions like this.
- Dr.Kamlesh Patel and team demonstrated in a very engaging way.
- These kinds of workshop will definitely help to get familiar with current digital era working digitally through remote places
- This Hands on workshop was very useful and definitely will like to uncover more about smart class room features
- nicely organized
- Very useful
- Session was very useful
- It was good and tool informative with new technology and techniques
- Ice breaking was good to start and hands on was wonderful to end
- It was very helpful
- Need more exposure and practice to be comfortable using all these technologies
