

Training on “TEAL2.0 Platform Training for Teachers” organized by RK University from 11th – 12th August 2023.

RK University had successfully organized teachers’ training “TEAL2.0 Platform Training for Teachers” on 11th – 12th August 2023 at Support and Development Center (SDC), RK University, India, which is a part of European Union project TEAL 2.0. RK University is a one of the partner universities in this project, for more details you can visit project website <https://rku.ac.in/teal2p0>.

The objectives of this training were:

- To enable teachers to access platform to design their course content, share it with other peers and used that in live classroom environment.
- To teach about creating interactive content using H5P.
- To make teachers understand about workflow of TEAL2.0 platform coordination between Global and Local servers.
- To make them aware about how one teachers can use content of another teachers in his own classroom settings.

40+ teachers from institutions i.e., Faculty of Technology & School of Engineering from RK University actively participated in the training. The training gets started with sharing the training schedule followed by sessions delivered by Prof. Parvez Belim, Assistant Professor in computer engineering department of School of Engineering and already an active member of pilot team of TEAL2.0 platform.

Event Schedule | Day-1:

Trainer:

- Prof. Parvez Belim, Assistant Professor, School of Engineering
- Prof. Alpanabaa Chudasama, Assistant Professor, School of Management

Time – IST	Description
02.00 to 02.10 PM	TEAL2.0 Overview
02.10 to 02.25 PM	About TEAL2.0 platform flow of execution
02.25 to 03.10 PM	Create an interactive content on global server using H5P with version update
03.10 to 03.30 PM	Demonstration of designing different content types using H5P i.e. Webpage, Embed video Image PDF PPT etc.
03.30 to 03.45 PM	Create Update Course on global server
03.45 to 04.00 PM	Create Update classroom on global server

04.00 to 04.10 PM	Demonstration of courseware on local server as a Sample Course
04.10 to 04.15 PM	Concluding Remarks

Event Schedule | Day-2:

Trainer:

- Prof. Parvez Belim, Assistant Professor, School of Engineering
- Prof. Alpanabaa Chudasama, Assistant Professor, School of Management
- Prof. Aparajita Biswal, Assistant Professor, School of Engineering

Time – IST	Description
10.00 to 10.10 AM	Brief / Recall about Day-1
10.10 to 10:20 AM	Login & related issues
10.20 AM to 12:20 PM	Practice to create / update interactive content using H5P Version Update Create Update course Create update classroom
12:20 to 12.30 PM	Concluding Remarks
