Round Table External Stakeholder Meet Workshop organized by RK University on dated 26th June 2021.

RK University had successfully organized Round table external stakeholders' meet on 26th June 2021 from 02:00 PM to 07:00 PM at RK University premises, which was as a part of our international projects of European Union TEAL 2.0. RK University is proud to partner leading universities of Europe, Sri Lanka, Thailand, Rumania, Italy, Norway, and India in the projects which are supported by the European Union's Erasmus+ Programme - Capacity Building in the field of Higher Education.

The objective of the event was:

- To extend the network of RKU stakeholders with international educators and institutions.
- To access new digital platforms (TEAL 2.0) by all the Stakeholders of RKU.
- To get tips and tricks for all challenges faced in teaching learning pedagogies by collaborating with Partnering Universities of the Project.
- To be a part of future events organized by Erasmus+ TEAL 2.0 Project.

25+ stakeholders from various institutes had actively participated in the workshop. The program gets started with the registration and welcome kit distribution, which was followed by ice-breaking activity at the entrance of the venue. Before ice-breaking activity our guest of speaker addressed the audience and graces the occasion. After ice-breaking activity at 02:45 PM we taken a high tea break for making a inform interaction with all the participants and build networking with each other.

At 03:00 PM our executive vice president of RK University Mr. Denish Patel inaugurated the workshop and welcomes all the guest dignitaries from various institutes. Prof. Kamlesh Patel, Project Manager of TEAL 2.0 from RK University addressed the audience and briefly introduces the entire project TEAL 2.0, he describes how the idea project get started and what is the main idea and objective of the project in his introduction speech.

After the introduction of the Project TEAL 2.0 the program was followed with the activity, in the 1st activity at 03:30 PM with the help of icebreaking we have divided all the stakeholders into various groups. In the activity – 1 each group had to decide the group leaders and with the help of chart paper and sticky notes each of the groups had to identify various online ready platforms which are available for the education purpose. After identification, each group got 1 to 2 minutes to represent their charts to the audience.

After 1st Group activity Dr. Vishal Doshi – Project member of TEAL 2.0 had described detail information about TEAL2.0 Platform and its various features of the platform. The presentation was followed by the group activity where each group had to identify the various features of the other online platform and what the various challenges occurred on those various platforms. After the activity conducted by the groups based on the various features of the TEAL 2.0 platforms, they had to map the challenges with our TEAL 2.0 platform.

Activity helps the group to easily able to understand how each of the stakeholders can be able to utilize the platform. After group activity each group got the chance to represent their identified challenges and how they can map their challenges with the TEAL 2.0 platform. At 05:00 PM Dr. Ashwin Raiyani – Project member of TEAL 2.0 explained how the external stakeholders will get the benefit from this project and how external stakeholders can get help us in the implementation of the platform at their institute once get launched. He also described the benefits of the platform and invited all the stakeholder to get collaborated and deployment of the platform.

At 05:20 PM the program gets concluded by Prof. Kamlesh Patel with the vote of thanks and we circulated Feedback forms with all the participants. Few of participated had also provided Testimonials on the 1-day workshop. At 06:15 PM all the participants gathered for group photo and did detail discussion followed with the dinner at the University campus.

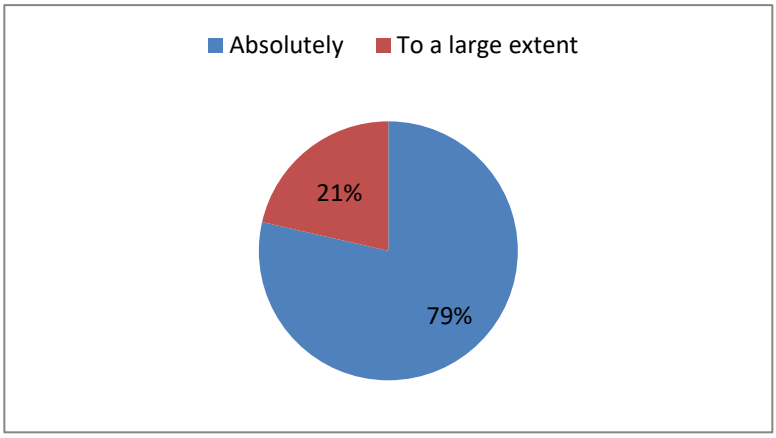
TEAL2.0 TECHNOLOGY ENABLED ACTIVE LEARNING

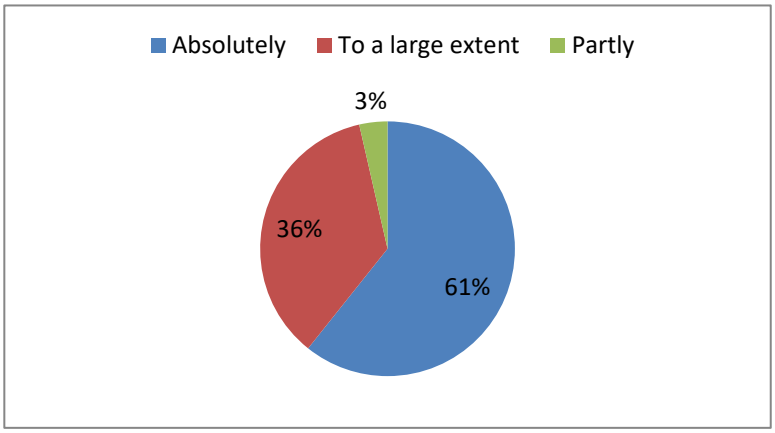
RKUNIVERSITY

FEEDBACK SURVEY ANALYSIS

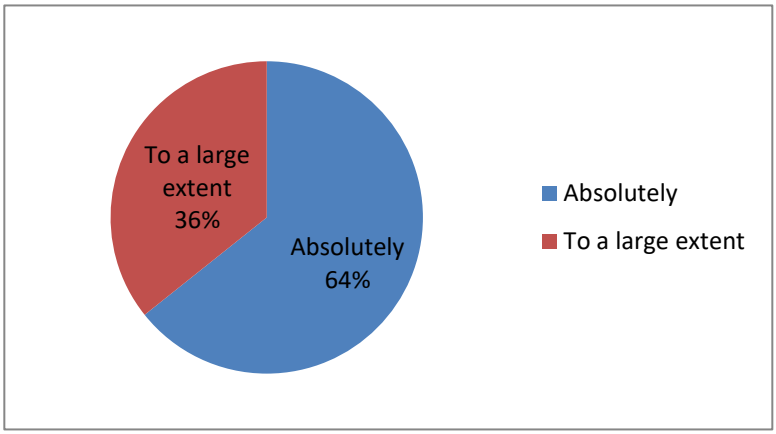
2.1 Do you think the TEAL2.O project can contribute to improving the quality and accessibility of open and online education in the areas of Science, Engineering and Technology?



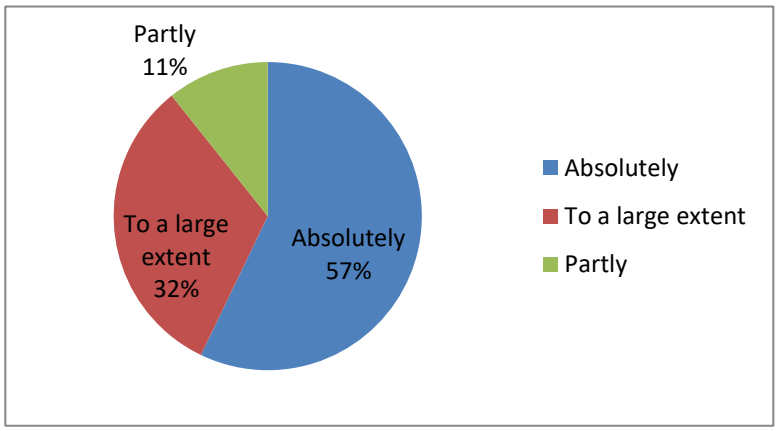
2.2 Do you think the TEAL2.O project has identified and will be able to address the current and future problems related to the online delivery of university education in general?



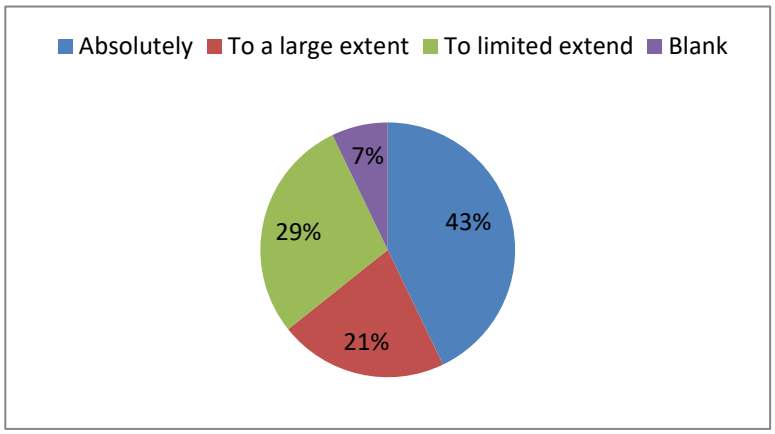
2.3 Do you think the TEAL2.O project will help strengthen the cooperation between universities as regards the design and delivery of online education in the areas of Science, Engineering and Technology?



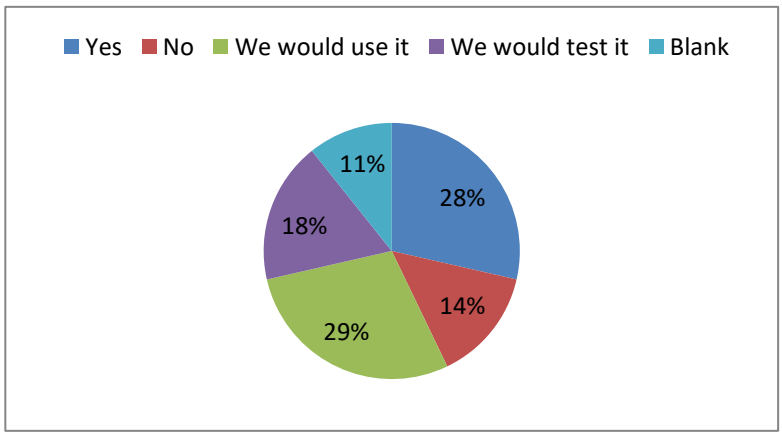
2.4 Do you feel you have enough information about the planned functionalities of the TEAL2.O platform?



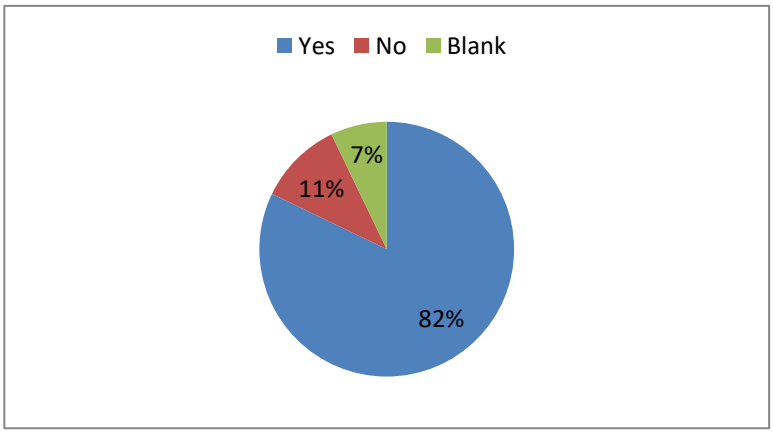
2.5 Would you and your organization be interested in cooperating with the TEAL2.O universities, and with our university in particular, as regards the design of a novel technology-enabled teaching and learning platform?



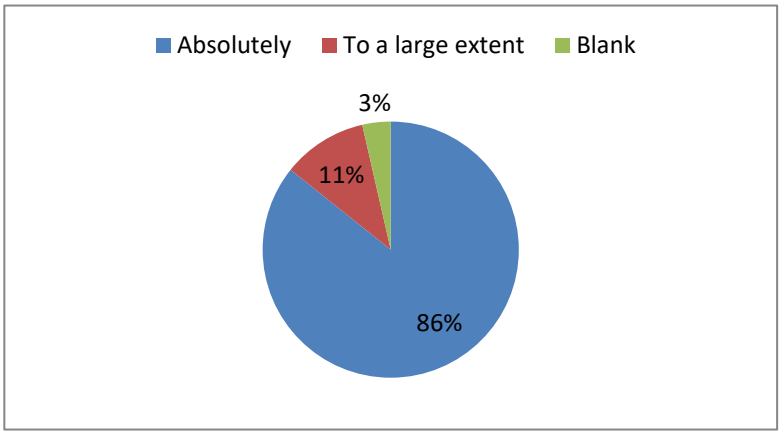
2.6 Would you and your organization be interested in testing or using the TEAL2.O platform once it is developed?



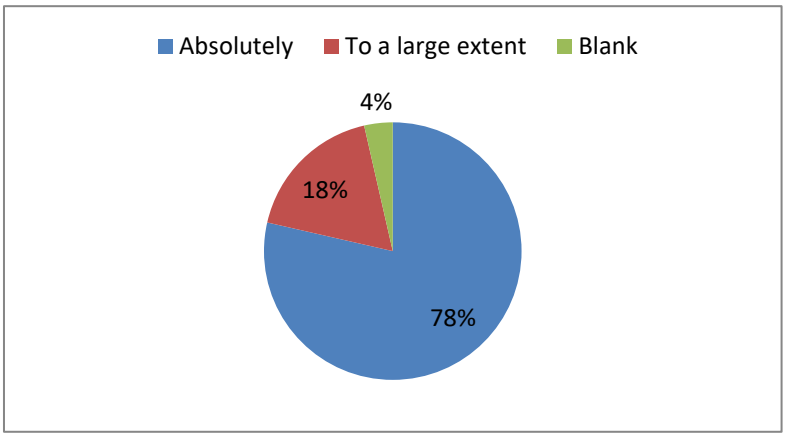
2.7 Do you feel you will need training in order to use the TEAL2.O platform?



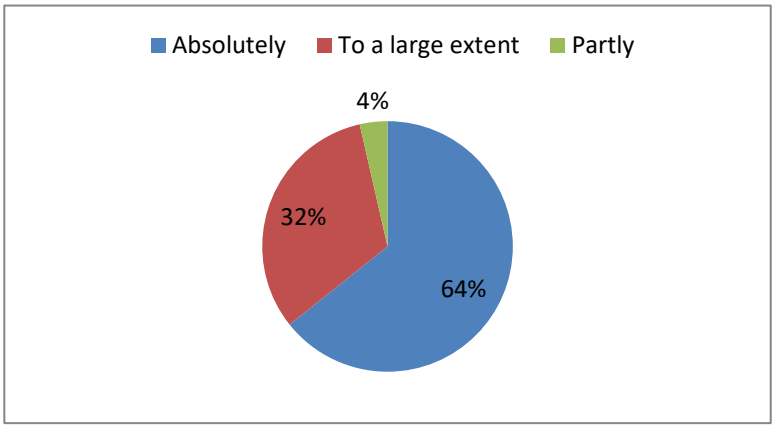
3.1 Were the presentations delivered during the workshop relevant?

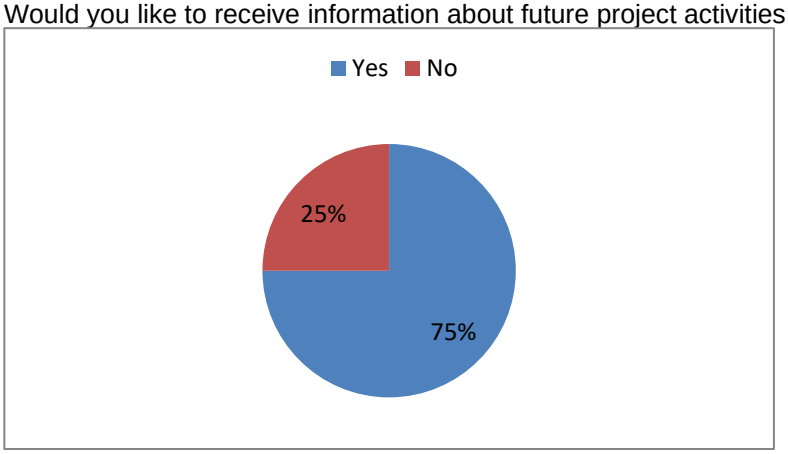


3.2 Were the discussions during the workshop fruitful?



3.3 Did the Workshop provide you with sufficient opportunities to meet and discuss matters of common interest with other relevant persons and organizations?





4.1 Would you like to receive information about future project activities, results and events?
